November 5, 2016

Dear Friends of the Rose Theater,

What a year 2016 has been! Since this time last year, the Audubon Community Cinema 501©3 non-profit corporation was formed and an amazing amount has been raised toward the Rose Theater renovation. In this short time, we have received multiple grants from foundations including the Iowa West Foundation and the Audubon County Community Foundation. We have also had a couple wildly successful fundraisers and generous donations from over 180 individuals and organizations.

This fantastic fundraising effort has allowed us to start the renovation of the Rose Theater. The theater location has been a theater for over 100 years and we are bringing it back to life in Audubon! Not only will the theater provide entertainment to the residents of Audubon County but it will also be an important part of revitalizing our beautiful, historic downtown.

As of today, the roof of the theater has been completely replaced and is now water tight! The interior of the theater has been gutted, allowing for new plumbing, electrical and insulation and the marquee has been removed. Next steps include rebuilding the lobby, marquee, ADA compliant bathrooms and refurnishing the theater with new, comfy seats and all new technology to allow for the best sound and digital imaging. Once open, the theater will show weekly family, friendly movies and be available for private and community events.

As you can imagine, the Audubon Community Cinema Board and committee is thrilled with the overwhelming community support we have received! **However, we still need to raise \$100,000 to reach our goal and open the theater!**

As 2016 comes to a close, please consider making the Rose Theater part of your year-end giving. We also welcome grain donations! Help us bring life back to downtown and bring movies back to main street! Remember to follow our progress on Facebook!

Thank you!
